

### Welcome New First Year (C112) Personal Support Worker students in Fall 2024!

- In preparation of any in-person clinical placement, there are mandatory requirements that you will need to demonstrate completion of, prior to being assigned to a clinical placement. These preclinical requirements could take up to **8 to 10 weeks** to complete, and it is recommended that you provide enough time for the approval process.
- Once you have gathered all the necessary documents, you will need to create an account, upload and submit all documents, certificates and evidence to the ParaMed Placement Pass by the **given deadline on November 22, 2024**. A link to the portal can be found at <https://georgebrowncollege.placementpass.ca/>
- If you **fail** to complete, submit, and upload these requirements to ParaMed Placement Pass portal by the **given deadline on November Day, 2024**, you will be **excluded** from clinical practice which can jeopardize your academic standing & may lead to program **withdrawal**.
- Please **note** that even if you have graduated from another Health Sciences program either in George Brown College or from another college, university or institution **and/or** have experience working in any health-related profession, you are still required to complete all the non-medical certificates below. If you **fail** to do so, you will be **excluded** from clinical field practice which can jeopardize your academic standing & may lead to program **withdrawal**.
- All costs, service fees and fines associated with the overall medical and additional requirements are the responsibility of the student.

**Below is a summary of all requirements that must be provided in your submission. Please read and follow all the instructions carefully:**

#### Medical Requirements

- All students must provide proof of current immunization records, blood test reports and health status. Book an appointment with your doctor/walk-in clinic and bring the Requisite Health form with you to document receipt of the following -TDAP, MMR, Varicella, Hep B, Two Step TB Skin Test and Flu Shot requirements. For more information, visit <https://www.georgebrown.ca/current-students/preplacement/forms/sally-horsfall-eaton-school-of-nursing-forms>
- **COVID-19 three doses vaccination:** Public Health Ontario continues to recommend that people working with vulnerable communities be fully vaccinated against COVID-19. Clinical agency partners continue to require students to be fully vaccinated against COVID-19 in order to be approved to complete clinical placements within their facilities. Agencies have the right to decline the placement of students who are not fully vaccinated, and students who are not vaccinated are at risk of not being able to complete their clinical placement course requirements. If you are **unvaccinated to COVID-19**, please contact us to further discuss how this will have a negative impact to your academic and clinical standing in the program.
- Please **do not** register for an Emergency First Aid course or to any company that offers these courses 100% fully online, we will not accept these types of certificates. We would advise you to retake this course with another company that offers it either hybrid or in person and you will have to pay again. All costs and service fees are the responsibility of the student.
- **Seasonal Flu Shot**-please do not worry about the flu shot at this time, if you have everything completed except your new flu shot record, you may submit your health form documents to the Paramed portal by the given deadline.
- **SPECIAL NOTE FOR INTERNATIONAL STUDENTS CURRENTLY RESIDING ABROAD OR OVERSEAS:** You may start all medical requirements from your home country to help you save time and money before you arrive in Canada (except the Flu shot which you can get it done here in Nov/Dec). Please book an appointment with your family doctor/physician from your home country and bring this health form with you and start working on all the medical requirements over there. Please make sure that your doctor complete, sign and stamp this form and all the supporting medical documents are translated in English Language. Ontario legislation specifies certain surveillance requirements for those entering into healthcare practice settings. The Program policy was developed in accordance with the Communicable Disease Surveillance protocols, specified under the Public Health Ontario, OHA, OMA and LTCAO to meet the requirements of our students' placement settings. This process is necessary to ensure that our students protect their health and safety, and the health and safety of patients, children, seniors, employees and other vulnerable people. The completion of this information is not optional, and all sections must be completed as outlined. Our placement agency partners have the right to refuse students who have not met their immunization standards. If, for medical reasons, your patient is unable to receive a required immunization or Chest X-ray, a medical note of this exclusion must be provided on the form. *Check out the YouTube tutorial videos for all the Medical and Non-Medical requirements at <https://www.youtube.com/channel/UCIQndxFUqeBVhjB3QKPQ91w>.*
