1. PURPOSE

The purpose of this policy is to define the process that governs the recognition of donors to George Brown College, including protocols for determining permanent recognition through the naming of College activities, programs, awards, spaces, or other assets. The Policy formalizes donor recognition to provide:

- appropriate public recognition and consistent institutional appreciation of major donors
- public evidence of philanthropic activity that demonstrates that the College enjoys considerable external support and encourages others to invest in the College's future
- appropriate utilization of the limited number of naming opportunities
- clear guidelines for those involved in discussions with donors
- facilitation of increased and ongoing support from existing supporters

The naming of a building, space, activity, or program reflects the importance of the donors to the realization of the College's mission and vision. A donor's name can add prestige to the building, to the program, to the faculty, or the program in return.

References to the Executive Committee will be replaced by George Brown College Foundation Board of Directors, in the absence of the Executive Committee.

2. PRINCIPLES

2.1 NAMING OPPORTUNITIES

Decisions to name facilities, programs, and awards shall be compatible, to the extent reasonably ascertainable, with George Brown College's mission and vision. Decisions to naming recognition shall be in alignment with the strategic directions of the College.

In cases where philanthropic contributions include a specific naming opportunity, the recognition will follow the generally accepted College standards regarding size, placement, etc. These gifts will be distinguished from non-philanthropic partnership agreements, which may have a branding or co-branding component. Naming recognition in these cases is determined by the terms of the gift agreement.

The approval of a naming opportunity will not result in additional costs for the College, excluding the College's approval process, without prior approval.

2.2 LIMITATIONS TO NAMING OPPORTUNITIES

No naming opportunity shall be approved if it:

- is likely to hurt the image or reputation of George Brown College
- would call into serious question the public respect for the College or the Foundation and/or implies endorsement of a partisan political or ideological position. This does not preclude the use of the name of an individual who has previously held public office and/or could imply

- endorsement of a specific commercial product. This does not preclude using the name of an individual or company that manufactures or distributes commercial products
- honorary naming or distinguished naming may be considered and approved on a case by case basis by the College and Foundation Presidents. Facilities or activities will not be named to honour the outstanding service of a member of faculty or staff while the honouree remains in the full-time employment of the College.

3. SCOPE DEFINITIONS

Expendable Gifts are gifts or grants given to the Foundation/College that the Donor has directed to be used immediately in support of various scholarships, programs or projects.

The George Brown College Foundation welcomes and receives gifts from generous individuals, corporations, foundations and associations. The Donor Recognition and Naming Policy informs the extent of activities designed to facilitate donor visibility at George Brown College for:
