

THE CITY IS OUR CLASSROOM

**Viewbook
2025 – 2026**

georgebrown.ca/city

Message from the President

It is an exciting time to join George Brown College as we grow to meet the needs of our city, province, country and even the world. As a downtown institution, we are truly part of the fabric of Toronto —close to the thousands of industry and community partners that inform our programming and support our students in their education and career development.

Our programs have enabled our graduates to do great things – from becoming Michelin-starred chefs to groundbreaking entrepreneurs and app developers. As one of Canada’s top research colleges, we are at the forefront of innovation. We are a deeply supportive community that can help you develop your passions and interests into workplace-ready skills.

We hope you will join us and enjoy the city as your classroom.

A handwritten signature in black ink, which appears to read "G. Fearon".

Dr. Gervan Fearon
President, George Brown College

Land Acknowledgement

George Brown College is located on the traditional territory of the Mississaugas of the Credit First Nation and other Indigenous peoples who have lived here over time. We are grateful to share this land as treaty people who learn, work and live in the community with each other.

Reasons to Study at George Brown College

1 Real-World Experience

Get a firsthand glimpse into your future career. Our facilities, like The Chefs' House and WAVE clinics, simulate real-world work environments. Enjoy the benefits of experiential learning both in and out of the classroom.

2 Sustainable Actions

We're reducing our eco-footprint through the Good Food Market, campus hydration stations and more. Our Brookfield Sustainability Institute identifies and develops smart solutions to fight climate change.

3 A Pillar of Toronto's Waterfront Revitalization

We're not just taking up space – we're creating it. Our state-of-the-art Waterfront Campus is a cornerstone of Toronto's East Bayfront neighbourhood. In January 2025, our new mass-timber, net-zero carbon emissions building – Limberlost Place – will welcome students and community members.

4 A Vibrant Downtown Setting

Our location in the heart of Toronto provides you with an exciting city backdrop, and access to top employers for field education opportunities. We also have our very own student residence—The George—so you can study and live right in the centre of all the action.

5 Expert Instructors

Get inspired and learn from some of the best in your future field. Many of our faculty members have industry experience and will share their real-world knowledge with you.

6 Informed by Industry

Forget the fluff—gain knowledge you can actually use once you graduate. Our partnerships with over 5,000 industry leaders ensure the skills you learn in class are the ones you'll need on the job.

7 Something for Everyone

Jewellery design, critical care nursing, digital marketing— with 233 programs at George Brown, you don't need to compromise on what you really want to do. Choose a program that's tailor-made to fit your unique needs and interests—whatever they may be.

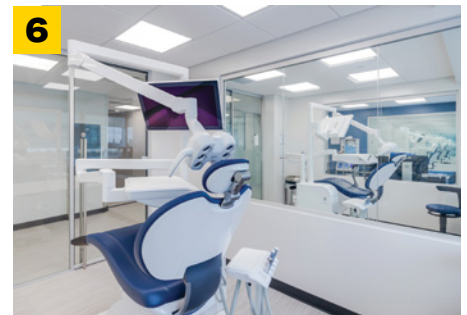

We Believe in Learning by Doing

As an accredited member of Polytechnics Canada, we deliver skills training with a purpose. Our students gain practical knowledge in a variety of settings, including workplaces, medical clinics, simulation facilities, institutes, labs, shops, and studios.

Automation, artificial intelligence and climate change are just a few of the factors that are transforming the workforce. With new and disruptive technologies

developing faster than ever, employers tell us they're looking for a blend of technical and people skills in new hires—people who can problem solve, communicate effectively, and are resilient in the face of change.

And where better to study than in state-of-the-art facilities like these:

1. The Chefs' House: At the only student-run, fine dining restaurant in downtown Toronto, students from our hospitality and culinary arts programs work in tandem to create, prepare and serve gourmet meals.

2. Child Care Centres: The college operates 13 lab school child care centres across Toronto that model the best practices we teach in our classrooms. These serve over 1,000 children and their families each year.

3. LED Media Wall: Work with industry-leading technology, video effects (VFX) and backgrounds, like those seen on the popular Star Wars spin-off series The Mandalorian, as well as Star Trek: Discovery, which is shot in Toronto.

4. Simulation Centre: We are the first college, nursing school, and simulation centre in Canada accredited by the Society for Simulation in Healthcare (SSH). This cutting-edge facility offers nearly 24,000 square feet of dedicated simulation space.

5. Orthotics & Prosthetics at Sunnybrook Hospital: Students learn how to design, fabricate and fit clients with braces and limbs to help restore mobility and body functionality.

6. WAVE Dental & Hearing Clinics: Our students provide clinical services to the public under the supervision of qualified professionals. Each year, we treat over 3,400 clients for dental and hearing needs.

Academic Centres

Centre for Arts, Design and Information Technology

Love to create? Want to code the future?

Our Centre for Arts, Design and Information Technology is your launchpad. We offer 62 programs across four schools—Computer Technology, Design, Fashion and Jewellery, and Media and Performing Arts—providing the real-world experience you need to turn your passion into an exciting career in design, fashion, jewellery, drama, dance, theatre, filmmaking, digital experience, computer programming, game development, and more.

Our strong ties to Toronto's creative and tech scene mean you'll graduate job-ready. Picture yourself learning and growing alongside industry partners like Ubisoft, Microsoft, Ballet Jörger, Soupepper Theatre, Corus Entertainment, and other innovative organizations.

Centre for Business

Launch your business career in the heart of Toronto!

The Centre for Business includes 46 programs across four schools: Accounting and Finance, Human Resources, Management, and Marketing. Our downtown location puts you at the centre of Canada's business hub. We regularly host networking events, symposia, awards, and fireside chats so you can build your network and keep your finger on the pulse of business trends.

As one of only two colleges in Ontario accredited by the Accreditation Council for Business Schools and Programs (ACBSP), we're highly responsive to industry needs, having recently launched innovative programs in wealth management, digital marketing, trades management, business analytics, and advanced financial planning.

Centre for Community Services and Early Childhood

Want to make a difference in your community?

Our Centre for Community Services and Early Childhood includes three schools: Deaf and Deafblind Studies, Early Childhood, and Social and Community Services. Our partnerships with over 750 GTA agencies provide endless opportunities for immersive learning. As a graduate, you'll make a meaningful difference among vulnerable populations and community members of all ages.

We're proud to offer unique programs like Canada's first Honours Bachelor of Interpretation (ASL-English) and the Assaulted Women's and Children's Counsellor/Advocate program. Plus, we operate Ontario's largest network of college-run child care centres. Join us to build a better future together.

Centre for Construction and Engineering Technologies

Build your future with us at our Centre for Construction and Engineering Technologies.

We offer 36 programs across four schools: Construction Management, Apprenticeship and Skilled Trades, Architectural Studies, and Mechanical Engineering Technologies. You'll gain the technical skills and teamwork needed to succeed in high-demand roles. We've designed our programs with industry input, and our facilities mimic real-world settings. Our Industry Liaison Office connects you with valuable work experience, events, and more, while our Green Building Centre and Brookfield Sustainability Institute provide space for you to collaborate on sustainable building projects.

Centre for Health Sciences

Launch your career in health care at our Centre for Health Sciences.

We offer 29 programs across four schools: Dental Health, Health and Wellness, Health Services Management, and Nursing.

George Brown College is proud to be the first Ontario college to offer a dental hygiene degree completion program designed specifically for graduates of a community college three-year Advanced Diploma or two-year Diploma program.

Through field and clinical placements at top healthcare facilities like the University Health Network, you'll gain the skills to succeed. Plus, our state-of-the-art Daphne Cockwell Centre for Health Sciences offers over 63,000 square feet of clinical and simulation space. Join us and get ready to make a difference in the future of health care.

Centre for Hospitality and Culinary Arts

Ignite your passion for food and hospitality at our Centre for Hospitality and Culinary Arts.

We offer 24 programs across our Chef School and School of Hospitality and Tourism Management. From baking to mixology, culinary management to hospitality, we offer something for everyone. Learn from the best in our state-of-the-art kitchens and labs, then put your skills to the test in our fine dining restaurant, The Chefs' House.

Located in the heart of Toronto, you'll be surrounded by the city's vibrant food scene and have opportunities to network with top chefs and industry leaders, like Nigella Lawson, Gordon Ramsay, Alain Ducasse, and notable alumni Mark MacEwan, Jamie Kennedy, Bonnie Stern, and Roger Mooking. We're also proud to be Canada's first Gold Organic Campus-designated chef school.

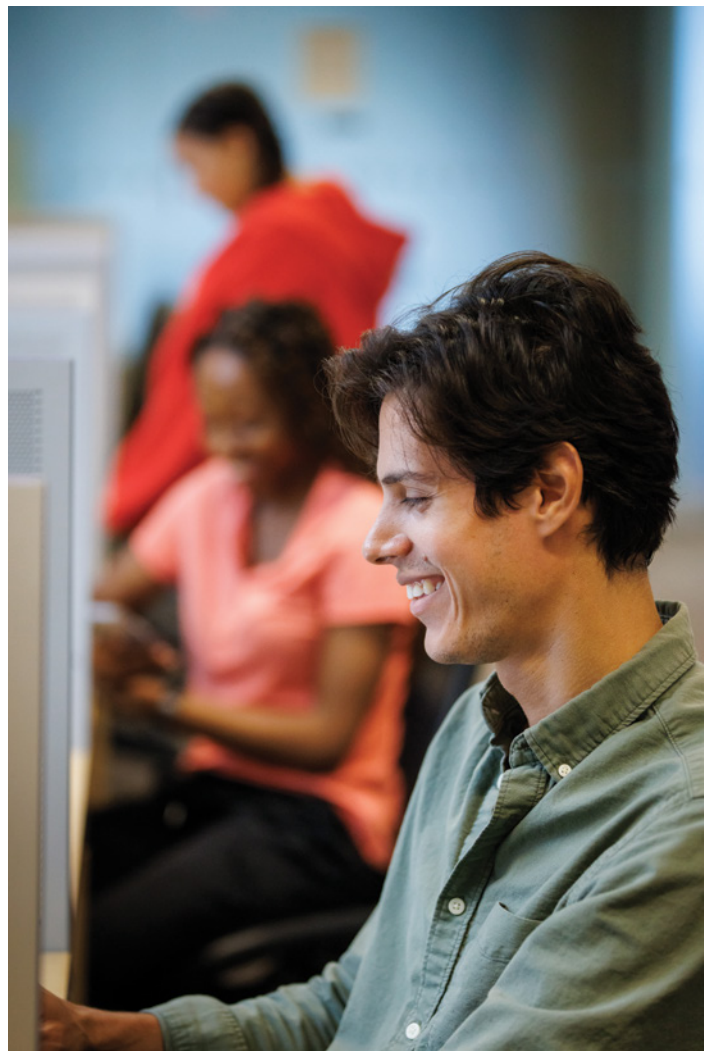

Centre for Preparatory and Liberal Studies

If you're looking to improve your English language skills, develop foundational knowledge as a stepping stone to your dream program, or are returning to college to start over, your path to success starts at the Centre for Preparatory and Liberal Studies.

We offer a wide range of options to fit your needs through the centre's three schools: English as a Second Language (ESL), Liberal Arts and Sciences, and Work and College Preparation. We're also home to the department of English and Communications.

As Ontario's largest public provider of ESL, we've been helping students like you achieve your goals for over 30 years. Whether you're a newcomer to Canada or looking to upgrade your skills, our experienced teachers will help build your confidence and support you every step of the way.

Centre for Continuous Learning

At George Brown College, we truly support lifelong learning.

Our Centre for Continuous Learning offers 176 certificates and designations to help you upgrade your skills, discover new passions, or advance your career.

With flexible class schedules – day, evening, weekend, and online – we make learning fit your life. Plus, you can register for courses individually and learn at your own pace. Whether you want to explore a new hobby or boost your professional development, we've got you covered.

Discover more at coned.georgebrown.ca.

Program Pathways and Transferring Credits

No matter your stage of post-secondary education, George Brown College has options for you. Many programs provide pathways to start or advance your learning and specialize your focus. These options include the following:

Pre-programs

offer smaller class sizes and built-in support to help you decide what to study. If you are trying to figure out what career path you want to take, our foundation programs in community services and health sciences are for you! Learn more at georgebrown.ca/preprograms

Fast-track programs

provide an effective way to complete a diploma program in a shorter time. At George Brown, fast-track programs take two forms: Continuous 12-month delivery and advanced standing in eligible programs if you have a post-secondary credential.

Bridging programs

allow students to build on previous education with advanced standing in one of George Brown College's honours bachelor's degree programs. Applicants with a post-secondary diploma in a related discipline may be eligible. Learn more about both fast-track and bridging options at georgebrown.ca/fast

We also provide many options for diploma-program students to transition into degree programs at George Brown in a 2+2 model. For example, students who earn a diploma or advanced diploma in marketing can transfer into the college's Honours Bachelor of Commerce (Digital Marketing) program. Which can be a great way to build upon your studies. Our Transfer Guide lists opportunities for transfer both within GBC and with our many partner colleges and universities across Canada and worldwide.

Learn more at georgebrown.ca/transfer

Experiential Learning

Start your professional path as a George Brown College student! All our career-focused programs include at least one experiential learning opportunity so you can build your professional network and resumé as you study.

Experiential learning is an umbrella term encompassing all opportunities to participate in sector-specific learning. Our strong industry partnerships and downtown Toronto location provide exciting opportunities to work with and learn from leading professionals in your field of study. These real-world experiences help you understand industry expectations and can include the following:

- Capstone projects
- Case studies
- Interactive simulations
- On-campus labs
- Performance-based learning
- Work-integrated learning

Work-integrated learning (WIL) is a type of experiential learning that combines academic studies with experiential learning in a workplace or practical setting. WIL experiences include applied research, apprenticeships, campus entrepreneurship and incubators, co-ops, field experiences (including international opportunities), placements (clinical and field), and service learning.

Get ready to launch an exciting career in the heart of Toronto.

“If I didn’t have this opportunity, I think I’d still be looking for work. I graduated from university in 2018, and it took me until this work-integrated learning opportunity to find any work in the field. This definitely gave me what I needed.”

Artem Naida, Information Systems
Business Analysis graduate

Alumni Success Stories: Shaping the Future

Our alumni are making a remarkable impact on the world. From the kitchens of world-renowned restaurants to the stages of Broadway, George Brown College graduates are at the forefront of innovation, leadership, and community engagement. Explore the inspiring journeys of our alumni and discover how their education has empowered them to achieve extraordinary things. Discover more stories at georgebrown.ca/alumninews

Evan Alexander Smith

Theatre Arts, 2009

Evan is a classically trained, award-winning Canadian-American actor and voice-over artist. His performance in *The Toxic Avenger* earned him a Dora Award Nomination, and he won a Gemini Award for his contributions to a documentary that followed the show's journey from rehearsal to opening night. He spent two seasons at Canada's prestigious Shaw Festival and recently starred in *Merrily We Roll Along* at Broadway's Hudson Theatre.

"I love giving back to GBC students because the program gave me so much. I remember being in their place and feeling uncertain about whether I'd be able to make it in the industry, so I'm glad I can reassure and inspire them."

Ramneet Brar

Business Administration Accounting, 2017

Ramneet was named one of the 2023 ApplyBoard International Alumni of Impact Winners. She is an exemplar of perseverance, innovation, and compassion. Her trailblazing efforts at Isempower (co-founded by her) and commitment to international student success have positively contributed to Canada's professional landscape.

"Going to George Brown College was one of the best decisions I made. From a centrally located campus to an amazing faculty, the two years and endless support I got from GBC enabled me to kickstart my life in Canada."

Juline Sutton

Social Service Worker, 2021

Juline oversees an online community dedicated to fostering a secure environment for discussions on mental health challenges among Black women. Her goal is to expand this community to encompass women in the Toronto shelter system, envisioning a broader and more inclusive support network. Driven by her passion for the cause, Sutton aspires to leverage her experiences to transition into leadership roles within the mental health sector.

"I think George Brown did an amazing job preparing me for what to expect. When you're in the field seeing it, it's like, oh, that's what my professors were talking about!"

Bennett Stableforth

Honours Bachelor of Technology (Construction Management), 2013

Bennett pivoted careers after realizing that managing IT projects wasn't for him. After visiting George Brown to learn about the construction programs, he started down a new path in construction project management. Bennett is now working as a project manager on Limberlost Place, George Brown College's new 10-storey mass-timber, net-zero carbon emission building, currently under construction along Toronto's Waterfront.

"George Brown provided relevant experience, work placements, industry connections, and the confidence to hit the ground running. Its construction program was known and respected by prospective employers, and I secured full-time employment soon after graduating."

Barley Chironda

Practical Nursing, 2009

Barley's journey from practical nursing to leading Clorox Canada's healthcare team reflects his exceptional trajectory post-graduation. His expertise has expanded to include international consulting, demonstrating his versatility in the face of evolving challenges. With an eye on executive leadership and academia, he aims to make significant contributions to the industry and create more resilient health-care systems.

"I rely on the foundational elements and the relationships I picked up at George Brown College."

Aakash Dhall

Culinary Management, 2015

Chef Aakash bested 29 grill masters from across Canada and the United States with his open-flame cooking techniques, wowing the judges with his Italian and Mediterranean-inspired creations and his take on North American brunch in the final round. His championship performance earned him a \$10,000 prize. He's currently the research and development chef for 1 Hotel Toronto.

"I love George Brown. As I kept on learning, I thought, wow, these are people who want to contribute towards my growth. They're willing to accept me the way I am. There was just so much positivity around me."

Maryana Sakhryn

English for Academic Purposes (EAP), 2010

In her role as the Immigrant and Transitional Education Pathway Advisor at GBC, Maryana plays a vital role in equipping immigrant and international learners with the knowledge, tools, resourcefulness, and self-efficacy to make informed decisions about further academic pursuits through integrated advising.

"When I joined the school and started studying I realized the high level of education that George Brown was providing. And I really like the people at George Brown. It is a great place that felt like home."

Our Campuses

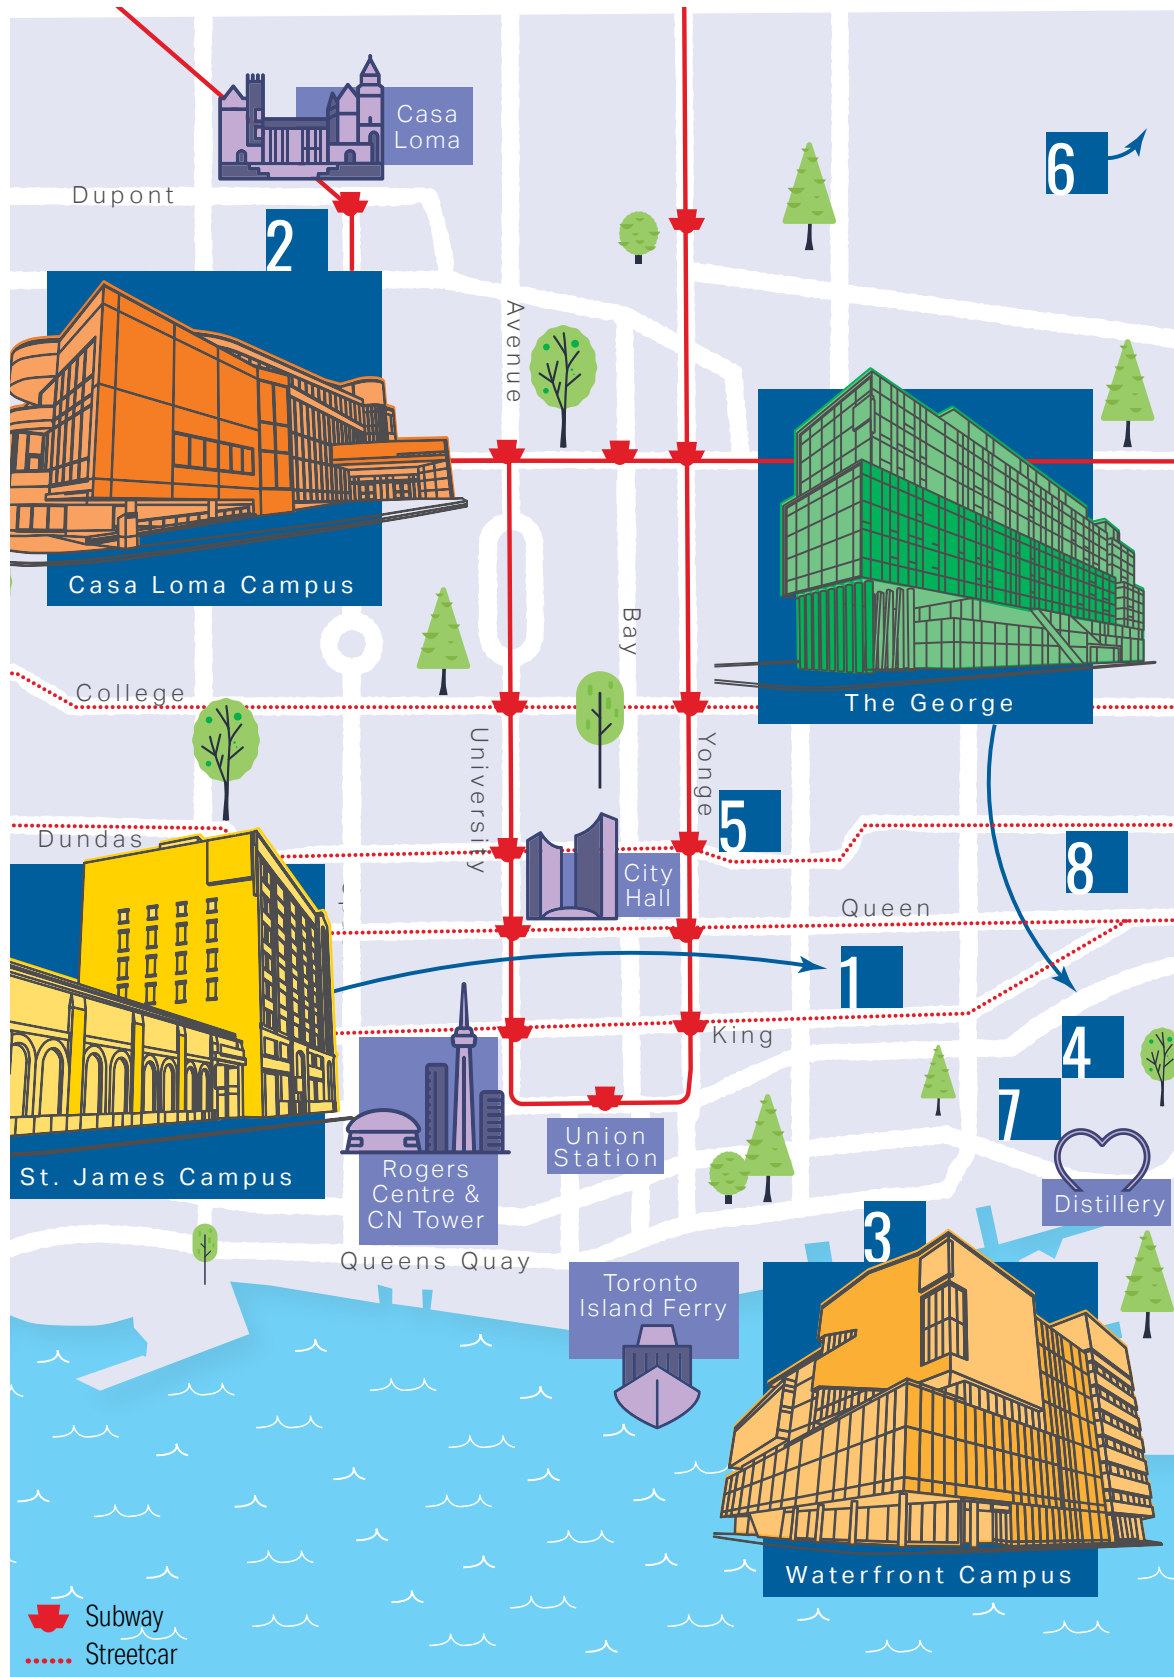

George Brown has three campuses located in downtown Toronto (Casa Loma, St. James and Waterfront) as well as The George, our student residence.

- 1 St. James Campus
- 2 Casa Loma Campus
- 3 Waterfront Campus
- 4 The George

The college also has four satellite spaces where students may attend classes including:

- 5 Toronto Metropolitan University–The Sally Horsfall Eaton Centre for Studies in Community Health (School of Early Childhood)
- 6 The Sunnybrook Centre for Independent Living (Prosthetic and Orthotic programs)
- 7 The Young Centre for the Performing Arts (School of Media and Performing Arts)
- 8 The Fashion Exchange (School of Fashion & Jewellery)

Get to know our campuses through a campus tour. Visit georgebrown.ca/tours for upcoming dates.

Limberlost Place: A Sustainable Learning Hub

George Brown College is excited to announce the upcoming opening of Limberlost Place, a groundbreaking 10-storey mass-timber building set to redefine sustainable learning. Part of the expansion of GBC's Waterfront campus located at Queens Quay East and Dockside Drive, this innovative space will open its doors in January 2025, serving as a new home for students, faculty, and the community.

Designed with a strong emphasis on sustainability, Limberlost Place is a net-zero building, meaning it generates the same amount of clean energy as it consumes. Constructed with locally sourced mass timber, the building prioritizes well-being through abundant natural light, fresh air, and energy-efficient systems. This forward-thinking approach will contribute to significant revisions in national and provincial building codes, paving the way for future mass-timber structures.

A New Era for Students

Limberlost Place will be a dynamic hub for learning and innovation. Students in the School of Architectural Studies will benefit from state-of-the-art facilities and collaborative spaces. The new athletics centre will provide opportunities for students to stay active and engaged, while the Indigenous space will foster cultural connection and celebration.

Brookfield Sustainability Institute (BSI)

The building will also house the Brookfield Sustainability Institute, a leading centre focused on aligning digital transformation and sustainability to benefit communities worldwide. Through partnerships with governments, businesses and non-profits, the institute will drive innovative sustainability projects and develop the next generation of sustainability leaders.

Mary's Place Child Care Centre

A very generous donation from the Jackman Foundation will allow for the creation of Mary's Place Child Care Centre within Limberlost Place. This centre will not only provide childcare services but also serve as a valuable learning environment for GBC's Early Childhood Education students.

A Community Cornerstone

Beyond its educational role, Limberlost Place will be a cornerstone of the East Bayfront community. Its sustainable design, commitment to well-being, and focus on innovation make it a model for the future.

Financial Aid

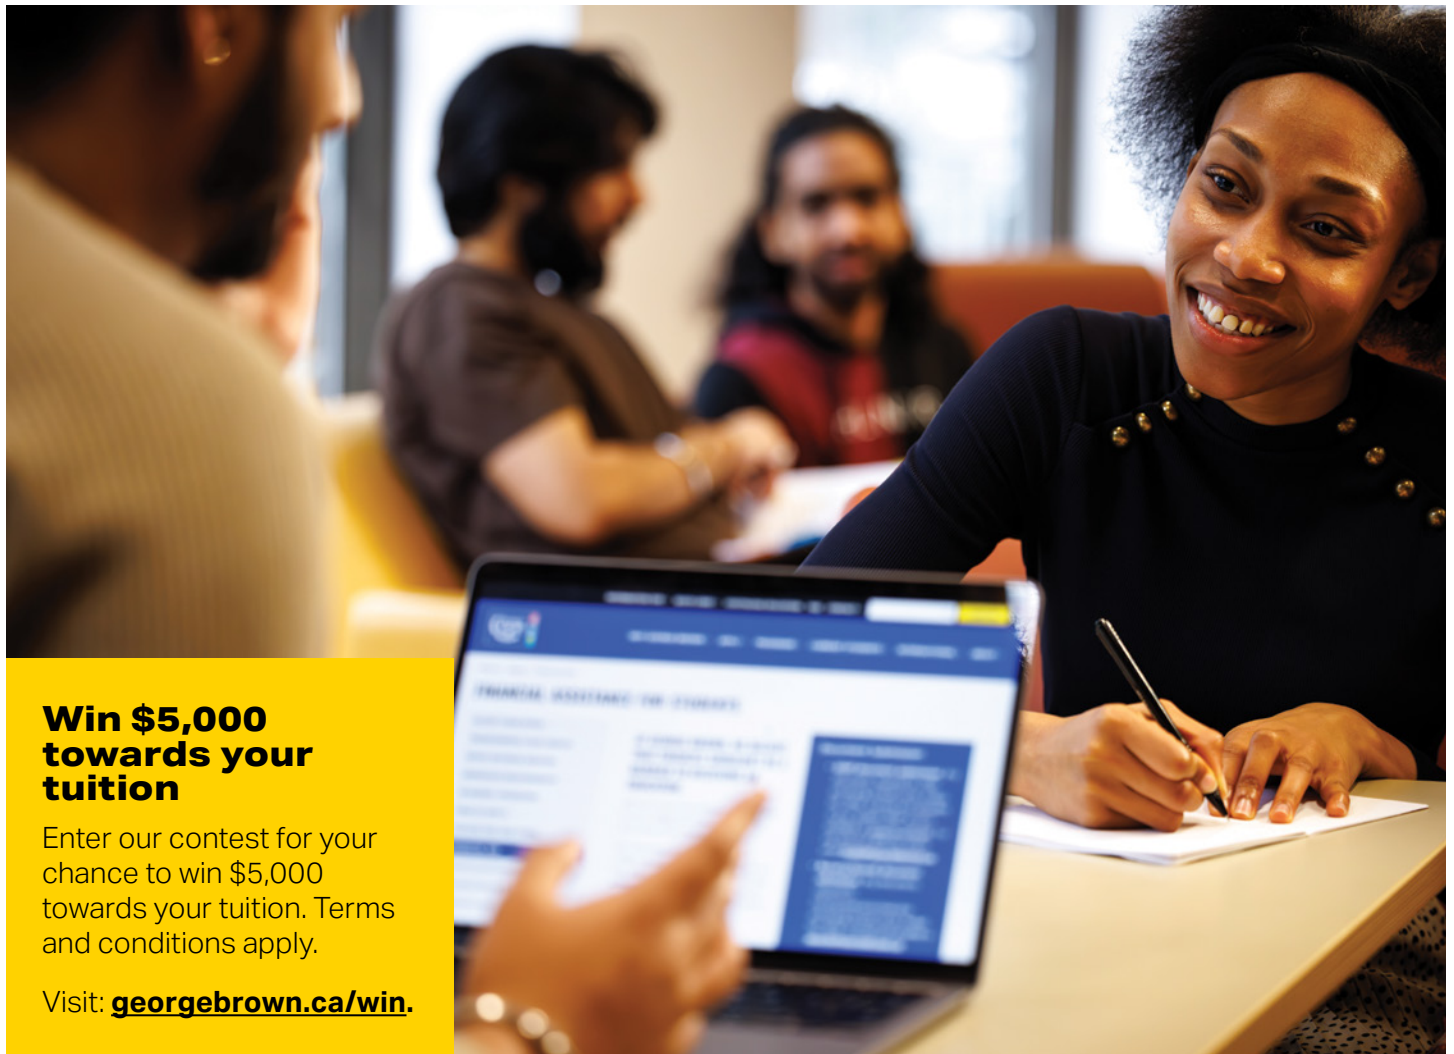

Finances shouldn't be a barrier to receiving an education. At George Brown College, we have resources that can help you pay for college, and our Financial Aid team is here to provide support.

What kind of assistance is available?

- The Ontario Student Assistance Program (OSAP) provides assistance through loans (money you pay back) and grants (money you don't have to pay back).
- Awards, scholarships, and bursaries at George Brown recognize financial need, academic success, and community involvement. You can apply for internal awards through STU-VIEW, but external awards are also available at different times of the year.
- The Work Study Program provides eligible, full-time students with part-time work opportunities on campus. Through this program, students can work up to 15 hours a week.

We are here to help

We understand that the financial side of college can seem intimidating. If you need assistance, please get in touch with FinAid@georgebrown.ca, or visit our website at georgebrown.ca/financialaid.

Win \$5,000 towards your tuition

Enter our contest for your chance to win \$5,000 towards your tuition. Terms and conditions apply.

Visit: georgebrown.ca/win.

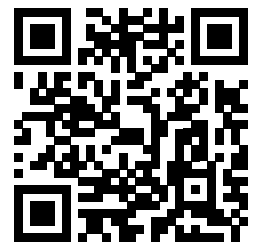

Funding for First-Year Students

Did you know we award over \$2 million in scholarships, awards and bursaries to first-year students each year?

Many of our degree programs offer renewable entrance scholarships of up to \$2,500 a year based on academic achievement. Check out [georgebrown.ca/entrance](https://www.georgebrown.ca/entrance) for more details.

We offer specific awards by academic area and for different demographics, including Black, Indigenous and international students, as well as students who are single parents.

View the full list at
[georgebrown.ca/
FinancialAid](https://www.georgebrown.ca/FinancialAid).

Student Life

Your college experience is about much more than the classroom. Our Student Life team has you covered from day one. From student clubs to athletics and the Student Volunteer Squad, we have many opportunities for you to connect.

Another amazing resource is the Student Experience Record. At George Brown College, we recognize that your experiences both in and outside the classroom help develop your knowledge and soft skills. The Experience Record will help you find activities, events and employment opportunities throughout your time with us. You'll have a comprehensive list of all the extracurricular experiences you've participated in and the skills that they've helped you gain.

Five ways to get involved

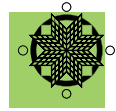

Student Clubs

The college has 26 student clubs, including entrepreneurship, gaming, and religious/cultural options.

Black Students Success Network (B.S.S.N.)

A dedicated team to help Black students at the college thrive.

Indigenous Centres

All three college campuses feature spaces for our Indigenous community to connect.

Campus Events

Our Student Life team hosts a range of events throughout the academic year, including Orientation, on-campus fairs and more.

Student Life Volunteer Squad

Want to meet new people and give back to the community? Join our Student Life Volunteer Squad to expand your network while helping others.

Taking Care of You

You are joining a welcoming, diverse, and inclusive college community, which we are continuously working to nurture. Whether you're a new student or a returning one, a new semester can feel overwhelming. We offer a wide range of services including counselling, career, and housing support, as well as dedicated anti-racism, equity and human rights services.

Our teams are compassionate, non-judgmental and here to help you thrive.

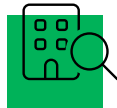

Specialized support

Counselling and Well-Being

None of our students have to go it alone – we offer general information on mental health, reducing stress and building resiliency. As well as counselling and community referrals.

Housing

We know Toronto. And have done the leg work to help you find housing resources on- or off-campus. Including our own college student residence, The George.

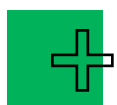

International Student Services Hubs

Our Casa Loma and St. James Campuses are home to International Student Services Hubs to help GBC students at any stage in their learning journey and with any permit or visa questions.

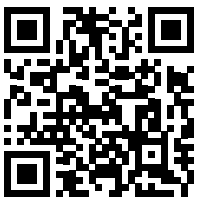

Office of Anti-Racism, Equity and Human Rights Services (OAREHRS)

A college office promoting fairness, equity, accountability and transparency at GBC. Our office manages human rights complaints and raises awareness of diversity and inclusion.

Peer Mentor+

A peer-to-peer program helping students find support and resources.

Discover all we have to offer at georgebrown.ca/services

Athletics & Recreation

Go Huskies! The college is proud to offer a comprehensive range of varsity sports, fitness centres and classes, drop-in activities and recreational leagues.

We're here to enhance well-being and campus life – and to help our talented athletes achieve their best.

For full-time students, athletic centre memberships are included in student fees. Students can access a range of fitness classes in yoga, cardio, strength training and more.

Swing by our drop-in gym for a round of pickleball, volleyball or soccer. Or join us for an upcoming varsity game. Visit georgebrown.ca/athletics.

Connect with College Advising

There's a lot to think about when applying for college. Sometimes you know what you're interested in but don't know how that can translate to a career. Other times, you just don't know where to start. Good news – our Recruitment and Advising team can help!

Entry Advisors offer group sessions and workshops about some of the most common college-related questions. They also provide individual sessions to help support your individual needs. They'll share advice, discuss your options, and set you up for your next steps.

Visit georgebrown.ca/advising to learn more and book your appointment.

Other ways to learn about George Brown College

Visit us on campus – sign up for a tour to see where you'll be studying.

Register for an info session – learn about the program(s) you're considering, and have your questions answered by our knowledgeable staff and faculty.

We offer a free 1-week program called CHOICES to help you identify your strengths and career goals, and educational pathways that may be open to you.

Have a quick question?

Send an email to student.recruitment@georgebrown.ca, and one of our team will get back to you.

How to Apply

In Ontario, domestic students apply to all colleges through **OntarioColleges.ca**. You can apply for up to five programs through one application. Most programs at George Brown are eligible for early offers, which means depending on your date of application, you may hear back as early as **November 1**. For highly competitive programs, make sure you apply by **February 1, 2025** for equal consideration for an available space.

1. Find the program that's right for you

Research programs online through our Program Finder tool. You can compare programs side by side using our Program Comparison feature.

Consider attending an upcoming open house or information session to meet faculty and staff, and have your questions answered.

2. Complete the application process at Ontario Colleges

Apply online for up to 5 programs and send in your academic documents if required. For high school applicants, grades will be transmitted electronically by your school.

3. Track your application status online

Applicants can track their application status at stuvview.georgebrown.ca.

4. Complete any additional application requirements and accept your offer

In some cases, our programs require an assessment, interview, audition or questionnaire. We will let you know if that's required for your program.

Introducing Our New Programs

George Brown College continues to innovate and expand its academic offerings to meet evolving industry demands. We are proud to introduce several new programs that equip students with the right skills and the training to be job-ready upon graduation.

Our **Honours Bachelor of Business Administration (Management)** program prepares students to assume leadership roles as management consultants, project managers, business development managers, and more. The interdisciplinary curriculum integrates core principles with contemporary management practices, providing students with a comprehensive foundation in business administration.

Our new **Early Childhood Education (online)** is an accelerated option for students to learn how to foster inclusive, child-focused learning. This program alternates between online classes and in-person field placement experiences to solidify your skills in 16 months.

We have launched three new postgraduate programs in Computer Technology to meet the rapidly evolving labour market needs.

Our **Artificial Intelligence for Robotics** program prepares students to work with AI algorithms, machine learning, and robotics. This program prepares students for high-demand careers in developing intelligent autonomous systems and revolutionizing how machines interact with the world.

For students looking to shape the digital future of smart devices, our **Internet of Things – System Design and Implementation** program allows them to gain the specialized skills to design and manage smart, interconnected systems, positioning them at the forefront of a booming industry.

Our final new addition, the **Digital Product Management** program, equips students with the strategic, technical, and leadership skills needed to guide digital products from concept to launch. It positions graduates for sought-after roles in tech companies, startups, and the digital divisions of well-established traditional companies

New programs for 2025-2026

Arts, Design and Information Technology

- Artificial Intelligence for Robotics—**T426**
- Internet of Things – System Design and Implementation—**T427**
- Digital Product Management—**T428**

Business

- Honours Bachelor of Business Administration (Management)—**B308**

Community Services and Early Childhood

- Early Childhood Education —**C150**

Program Listing 2025–2026

George Brown College offers a wide range of programs and pathways to meet your needs. We continually strive to improve our programs and their delivery. The information contained in this guide is subject to change without notice. It should not be viewed as a representation, offer, or warranty.

Students are responsible for verifying George Brown admission, graduation, and fee requirements as well as any requirements of outside institutions, industry associations or other bodies that may award additional designations concurrently with, or after completion of, a George Brown program.

Estimated amounts listed are the total of domestic tuition fees, materials, student service and ancillary fees for one academic year beginning in Fall 2024 and ending in Spring 2025 (Sept.1 to Aug.31). Fees are subject to change for programs starting in Fall 2025 and at later dates. Estimated fees do not include co-op fees ranging from \$400-600 for programs with a co-op work component.

Many of our programs are also eligible for international enrolment – please visit georgebrown.ca/intlprograms for more information.

Applying as a Mature Student

¹ Mature Student status (19 years of age or older and no OSSD). Please visit georgebrown.ca/mature for more information.

English Proficiency

All applicants to George Brown College must demonstrate an acceptable level of English language proficiency. Please visit georgebrown.ca/proficiency for details. Please note:

- Most programs require that applicants meet a minimum academic English prerequisite of compulsory Grade 12U, C or OAC English or equivalent.
- Applicants with international transcripts who do not provide English language proficiency test results must test at the College level in the George Brown College English assessment.
- For admission to postgraduate programs based on demonstrated, relevant work experience only, applicants must provide proof of English language proficiency at the college level, and may be required to write the George Brown College English assessment.

Please note that domestic applicants who are submitting international transcripts require a Canadian equivalency evaluation. This can be obtained through ICAS (International Credential Assessment Service) at icascanada.ca or WES (World Education Services) at wes.org/ca.

Applying as a Mature Student

¹ Mature Student status (19 years of age or older and no OSSD). Please visit georgebrown.ca/mature for more information.

English Proficiency

All applicants to George Brown College must demonstrate an acceptable level of English language proficiency. Please visit georgebrown.ca/proficiency for details. Please note:

- Most programs require that applicants meet a minimum academic English prerequisite of compulsory Grade 12U, C or OAC English or equivalent.
- Applicants with international transcripts who do not provide English language proficiency test results must test at the College level in the George Brown College English assessment.
- For admission to postgraduate programs based on demonstrated, relevant work experience only, applicants must provide proof of English language proficiency at the college level, and may be required to write the George Brown College English assessment.

Please note that domestic applicants who are submitting international transcripts require a Canadian equivalency evaluation. This can be obtained through ICAS (International Credential Assessment Service) at icascanada.ca or WES (World Education Services) at wes.org/ca.

<u>T318</u>	Honours Bachelor of Technology (Construction Management) Pathway from Construction Engineering Technology (+1 Field Placement Term)	CLC	2 years (5 sems)	May	\$9,494	Ontario College Advanced Diploma (three-year) program in Construction Engineering Technology with a GPA of 3.0 or higher.
POSTGRADUATE						
<u>T403</u>	Construction Management	CLC	1 year (3 sems)	Jan, Sep	\$12,222	International diploma (two-year), advanced diploma (three-year) or bachelor's degree in Construction, Civil, Mechanical, Electrical and Landscape Engineering, Architectural Studies and Interior Design. A resumé outlining your roles and responsibilities in your professional career. An employer's reference letter corroborating the information on your resumé. Demonstrated relevant professional construction work experience – roles and responsibilities, and an employer's reference on formal letterhead are required, preferably in PDF format. Please note that domestic applicants who are submitting international transcripts require a Canadian equivalency evaluation.
<u>T408</u>	Residential Construction Management	CLC	2 sems	May, Sep	\$3,977	Diploma (two-year) or advanced diploma (three-year) in Construction Engineering Technology, Civil Engineering Technology or Building Renovation Technology. Minimum GPA of 2.7. Department interview and resumé required. Candidates will be accepted based on the combination of relevant education and work experience.
<u>T412</u>	Building Information Modeling Management	CLC	1 year (3 sems)	Jan, Sep	\$9,589	Advanced diploma (three-year) or bachelor's degree in Construction, Civil, Mechanical, Electrical or Landscape Engineering, Architectural Studies, or Interior Design OR two-year diploma in Construction, Civil, Mechanical, Electrical Engineering, Architectural Studies and Interior Design. Departmental review (resume/ Interview) required for applicants with two-year diploma.

Applying as a Mature Student

¹ Mature Student status (19 years of age or older and no OSSD). Please visit georgebrown.ca/mature for more information.

English Proficiency

All applicants to George Brown College must demonstrate an acceptable level of English language proficiency. Please visit georgebrown.ca/proficiency for details. Please note:

- Most programs require that applicants meet a minimum academic English prerequisite of compulsory Grade 12U, C or OAC English or equivalent.
- Applicants with international transcripts who do not provide English language proficiency test results must test at the College level in the George Brown College English assessment.
- For admission to postgraduate programs based on demonstrated, relevant work experience only, applicants must provide proof of English language proficiency at the college level, and may be required to write the George Brown College English assessment.

Please note that domestic applicants who are submitting international transcripts require a Canadian equivalency evaluation. This can be obtained through ICAS (International Credential Assessment Service) at icascanada.ca or WES (World Education Services) at wes.org/ca.

<u>S407</u>	Clinical Methods in Orthotics/Prosthetics	SHSC	2 years (4 sems)	Sep	\$5,977	Four-year Bachelor of Science degree (degree in Engineering or Kinesiology considered). Courses in Anatomy, Biomechanics and Gait, Human Physiology and Pathology, and Rehabilitation Sciences are preferred. Transcripts for all post-secondary academic work (in progress or complete) must be submitted. Departmental review will include: online entrance exam; submission of two reference letters; program-specific admissions assessment via video interview. For more information please visit georgebrown.ca/S407 . Please note: Only eligible applicants who meet the academic requirements will be invited to complete a written entrance exam. The top ranked applicants are then invited to submit two reference letters and attend the next stage of the admissions process. This program is highly competitive and space is limited. There are 8 seats available. This program is available to domestic applicants only.

SCHOOL OF HEALTH SERVICES MANAGEMENT

Applying as a Mature Student

¹ Mature Student status (19 years of age or older and no OSSD). Please visit georgebrown.ca/mature for more information.

English Proficiency

All applicants to George Brown College must demonstrate an acceptable level of English language proficiency. Please visit georgebrown.ca/proficiency for details. Please note:

- Most programs require that applicants meet a minimum academic English prerequisite of compulsory Grade 12U, C or OAC English or equivalent.
- Applicants with international transcripts who do not provide English language proficiency test results must test at the College level in the George Brown College English assessment.
- For admission to postgraduate programs based on demonstrated, relevant work experience only, applicants must provide proof of English language proficiency at the college level, and may be required to write the George Brown College English assessment.

Please note that domestic applicants who are submitting international transcripts require a Canadian equivalency evaluation. This can be obtained through ICAS (International Credential Assessment Service) at icascanada.ca or WES (World Education Services) at wes.org/ca.
