Events such as drumming circles, storytelling, various ceremonies, sporting events, and even POW WOWs are examples of some of the activities involved. The objective as we grow, will be to invest into these projects and activities as well as a place to do them in, that in turn will grow funds to re-invest into Indigenous causes, such as supporting education for youths in need and guidance and shelter for abused women. We believe that by infusing the arts, languages and cultures of the local Indigenous communities we can achieve these dreams and many more.
