

Powerful Adjectives

WHY USE POWERFUL ADJECTIVES TO DESCRIBE YOURSELF?

Adjectives describe your attitude, confidence and let a potential employer know more about who you are, rather than what you can do. These positive and powerful adjectives can be used in your headline or profile area. Always use adjectives that truly describe you and are relevant to the industry you are in. *Note: choose adjectives that suit your role. "Aggressive" may catch the eye of a law firm but would likely scare a customer service employer.*
