

Welcome New S404 RN Perinatal Intensive Care students in Winter Term 2025!

- As part of this program, you will be provided with an opportunity to participate in a clinical placement in a health care setting. In preparation for your placement experience, there are mandatory requirements that you will need to complete ahead of time. The Clinical Placement Office recommends that you begin gathering the necessary documentation now, in order to be able to submit them and provide enough time for the approval process.
- Once you have gathered all the necessary documents, you will need to create an account, upload and submit all documents, certificates and evidence to the electronic Paramed Placement Pass website by the **given deadline on January 24, 2025**. A link to the portal can be found at <https://georgebrowncollege.placementpass.ca/>
- If you **fail** to complete, submit, and upload these requirements to Requisite Portal by the **given deadline on January 24, 2025** you will be **excluded** from clinical practice which can jeopardize your academic standing & may lead to withdrawal program.
- Please **note** that even if you have graduated from another Health Sciences program either in George Brown College or from another college, university or institution **and/or** have experience working in any health-related profession, you are still required to complete all the non-medical certificates below.
