2.2	Course Outline	Detailed course outlines can be found at: Course Outlines Click Here
2.3	Is a cooperative placement part of the program and if so, how long is the placement?	No.

Section	Description	Information
2.4	Describe any other hands-on experiences included in this program	In their final (third) semester, students will engage with ICT consulting firms, networking support companies, and technology service support companies through a Capstone Industry Project course.
2.5	Is the curriculum fixed, or is it possible to develop an individual plan?	The program curriculum is generally fixed.
2.6	How long has the school been offering this program?	Please contact the program coordinator.

3   EMPLOYMENT OUTLOOK

Section	Description	Information
3.1	National Occupational Classification (NOC) occupational group	Information Systems Analysts and Consultants
3.2	NOC Code	2171
3.3	NOC Skill Level	A
3.4	What are the labour market conditions for this occupation?	Please check the GBC Career Coach website for job/labour market information for this program/career. Career Coach offers current, local information about all jobs in the GTA, including an overview of each profession and a list of currently available positions in a given field. The data are not limited to industries supported by programs offered at George Brown College; however where we do offer relevant programs, students are presented with options for consideration that lead them into our own program pages. Career Coach Website Click Here

3.5	Are other licenses or certifications required for this occupation?	Industry certification may be required by some employers.
3.6	Within the last 3 years, what percentage of students completed this program?	There is no data for the program as it is new, but the related T411 Wireless Networking Program (Postgraduate) shows that approximately 84 percent have completed the program.
3.7	What percentage of students who completed this program are employed in jobs related to the program? Are the jobs full-time, part-time or contact?	Data shows that 75 percent of graduates are employed, 80 percent of employed graduates are employed in a related field, 65 percent in full time positions. (Graduate Employment Report, 2018-2019 of students who graduated in 2017-2018)
3.8	Who hires graduates of this program? Who are the employers? (provide examples.)	Common job titles include: • IT (information technology) consultant • Computer Systems Analyst • Informatics Consultant • Informatics Security Analyst • Information Systems Business Analyst • Information Systems Quality Assurance Analyst • Management Information Systems (MIS) Analyst • Systems Auditor • Systems Consultant • Systems Security Analyst
3.9	What is the program's/institutions reputation with employers in the industry/sector?	In a word, excellent, among employers and the community at large. Many employers look specifically for a George Brown diploma. And practitioners already employed in the field are often expected to return to school to acquire the diploma. With regard to the College in general, in a 2006 Environics poll on post-secondary institutions in Ontario, Greater Toronto Area residents (who themselves or whose family members are in college or are college-bound) name George Brown the province's "best college." Most respondents, when asked which college they would attend, make

		George Brown their top pick. (The next most popular college trails George Brown by almost 10 points.)
3.10	Can I contact current students or graduates of the program?	The college cannot give out contact information for current students or graduates. Student testimonials are available on the School of Computer Technology webpage: http://www.georgebrown.ca/computertechnology/ And the program page: http://www.georgebrown.ca/t413-2019-2020/
